**rich sutton s publications** - *abstract representations are fundamental to artificial intelligence the performance of a learning system depends on the type of representation used for representing the data*, **origin of speech wikipedia** - *this feature is extraordinary animal communication systems routinely combine visible with audible properties and effects but not one is modality independent*, **cognitive science watanabe laboratory** - *caltech ph d*, **port manteaux word maker onelook dictionary search** - *port manteaux churns out silly new words when you feed it an idea or two enter a word or two above and you ll get back a bunch of portmanteaux created by jamming together words that are conceptually related to your inputs for example enter giraffe and you ll get back words like gazellephant and gorilldebeest*
